

Tee-Up New England! 2019

This fund-raising initiative provides golfers with an opportunity to play some of their favorite courses while providing funding for turfgrass research. Interested golfers will participate in an online auction (April 15-22, 2019), linked to your website, to purchase a donated round of golf for 4 people. This is a great way to showcase your facility and to open the door to attract new players. All proceeds will go to the New England Regional Turfgrass Research Trust (NERTRT) to fund turfgrass research here in New England. Turf research will continue to insure that future turf conditions of golf in New England will be at the highest levels of the industry.

Tee-Up New England!

A Turfgrass Research Initiative sponsored by the NERTRT, and supported by State Golf Associations

Help Fund Turfgrass Research!

To All Superintendents, Managers and Owners,

Tee-Up New England is a great way to get your club involved in Turfgrass Research. It encourages golfers to come and play your course, it doesn't ask clubs for \$ donations, and then sends all profits to pay for turfgrass research. Our goal is to make golf better by improving your turf. As we team with the golf industry, we hope we can add your club to the list.

Research benefits could help any club in New England, possibly even yours! Take a few minutes to review the newsletter and share it with others to show them what good things are being done to improve golf and the environment in New England. Our application form is on the back of this letter, please fill it out and send it in. We'll take care of the rest. Thank you....

New England Regional Turfgrass Foundation, Inc.

Tee-Up New England will:

Create Research Funding, Promote Golf,
Expand Golfer Involvement, Help Improve Course Conditions,
and Finally...Make Golf More Enjoyable for All!

Donate a round of golf for 4 - We invite all New England Courses to participate!

Advertise to the Public - Our plan is to inform all New England golfers of the online auction!

Auction Online in April - Bidding begins the day after the Masters and continues for a week!

Fund Research in New England -Proceeds will help to fund Turfgrass Research in New England!

Improve Golf! - Research could help to improve your club's turf conditions responsibly!
