Tee-Up New England! 2026

This initiative will provide golfers with an opportunity to play some of their favorite courses while providing funding for turfgrass research. Interested golfers will participate in an online auction (April 13-20, 2026), linked to your website, to purchase a donated round of golf for 4 people w/ carts. This is a great way to showcase your facility and to open your door to attract new players. All proceeds will go to the New England Regional Turfgrass Research Trust (NERTRT) or to the UMass Alumni Turf Group (ATG) to fund turf research here in New England. Research will help to insure that future turf conditions will be at the highest and most environmentally sensitive levels in the Turf Industry and of the Game of Golf.

Supporting education and research at the University of Massachusetts

Help Fund Turfgrass Research!

Turfgrass research needs your help today!

All Superintendents, Managers and Owners, we ask all New England Golf Courses to join with Tee-Up New England to donate a foursome of golf for turfgrass research. Research benefits could help any and all clubs in and around New England.....possibly even yours! Tee-Up New England will auction each round online and all proceeds will go towards turfgrass research here in New England. Take a few minutes to review the application and secure a round of golf today. Please share with your course members what good things are being done for golf, research and the environment in New England through turfgrass research at local Universities. Donate a foursome and we'll take care of the rest!

UMass Field Day

5 Step Tee-Up New England Formula:

Donate a round of golf for 4 - We invite all New England Golf Facilities to participate how they can!

Advertise to the Public - Our plan is to inform all New England golfers of the online auction!

Auction Online in April - Bidding begins the day after the Masters and continues for a week!

Fund Research—All proceeds will help to fund Turfgrass Research in New England!

Improve Golf! - Research could help to improve your club's turf conditions responsibly!
